The Most Comprehensive Local Marketing Management Platform

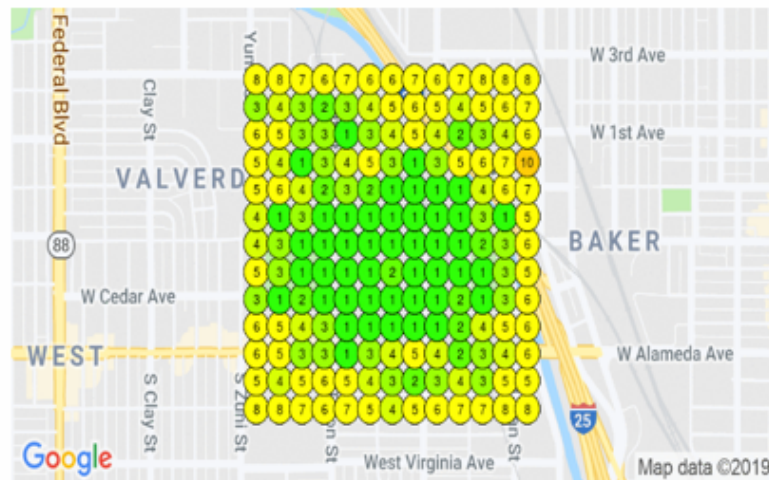

Building a local marketing campaign has never been easier. Did you know that over 70% of the clicks go to Google's 3 - Pack? That's why you want your number to be 1, 2 or 3 in the local map in your market area.

It is best to show you and let the before and after photos speak for themselves. BroadLocal is a 100% Managed Service. There is a setup fee and monthly management fee, all less than you would have to pay a staff member to do it for you.

Before GPS-Trac Ranking

Our GPS-Grid System shows us graphically how you are ranked in your local market. This shows us areas we need to work on to get your business in the 3 pack.

After GPS-Trac Ranking

The GPS-Grid map shows us improvement in your ranking in the all important Google Local 3-Pack. The results will speak for themselves...**Drop the Mic!**
