Why You Need BroadMoar on Your Side... with our Small Business DIY Workshop!

Many small business owners simply cannot afford all the services to build a proper foundation for their business. Let me ask you a question, would never think of building a house without a set of blueprints? That goes for without saying about building a proper foundation for your business.

Did you know getting all the foundational tools built and implemented can cost a small business 3K -10K dollars depending on your market competition? At BroadMoar, we understand most small businesses cannot afford to build a proper foundation and they struggle because of it. We offer qualifying business owners a low-cost **"Live"** DIY Workshop.

The DIY workshop is a low-cost entry-level workshop to teach you the things you can do yourself. Our Workshops last 3-4 hours on the weekend or over 2 evenings online, so not to interfere with your busy work schedule.

The DIY workshop is an indepth and set at a moderate pace. We will assume you have an understanding of business operations, as well as a basic understanding of computers and the internet skills.

In a recent Stanford University study of online reviews a 1/2 star change can affect your monthly revenue by up to 19%. It's all about your reputation which is the New SEO. You simply cannot afford a bad review.

We offer with the workshop several DIY Manuals for you to learn.:

- Google Analytics Integration
- Facebook & Twitter Integration
- LinkedIn Manual
- YouTube Otimization

We also offer other services... which you cannot do yourself. For a small fee other services which includes but not limited to a:

- Comprehensive Audit to Monitor your success
- Local Grid Audit
- Google Business Site Audit
- A Keyword Ranking report
- Directory Tracking report
- Our Exclusive Reputation Report
- Website scan on all on-page showing you fixes needed
- Offer also many managed services to assist you
